

Health-E-tips®

JAM SCHOOL PROGRAM

*** DISCOUNTS AND OFFERS ***

Health and wellness is a top initiative in schools. We also know that tough economic times have us all searching for ways to become a little more thrifty. Given both of these realities, we are excited to share special offers and discounts that can help save money.

Health-E-tips, Inc. is a valued partner in schools across the nation, and abroad, and provides a FREE health and wellness resource to schools.

Health-E-tips, Inc. is committed to helping our youth learn better eating habits and make physical activity a daily habit. As such, Health-E-tips, Inc. is working with companies to bring us special offers and discounts on health, fitness and wellness products that they believe we will find of value. These offers will vary between discounts on fitness products to coupons on healthy food items to wellness resources for schools and families.

You can find these offers at www.healthetips.com/savings.

Check back often to see what is new and be sure to note any special codes or instructions associated with that retailer so that you get all the discounts Health-E-tips, Inc. has negotiated on our behalf.

We hope you enjoy some savings, too!
